

Dear Yves,  
Below you find the answers to your questions for the scientific program

1. Tielens  
Veterinary Biochemistry, University of Utrecht  
Aerobic and anaerobic pathway in the life cycle of *Schistosoma mansoni*.
2. Rudenko, National Cancer Institute, Amsterdam
3. Roos, Lab. Molecular Biology, ID-DLO, Lelystad  
Molecular biology of drug resistance against Nematodes
4. Vermeulen, Lab. Parasitology. Intervet International, Boxmeer
5. Schallig, Dep. Infectious Diseases and Immunology, University of Utrecht  
Sheep immune responses to *Haemonchus contortus* and analysis of parasite antigens.
6. E. Schoondermark van der Ven. University of Nijmegen.  
An experimental study on congenital toxoplasmosis in rhesus monkeys
7. M. van Dijk. University of Leiden. Genetic transformation of asexual stage *Plasmodium berghei* parasites
8. Pinelli. University of Utrecht

I could not reach everybody and these are provisional titles. I will ask the authors to agree, but meanwhile you can continue.

Theo Schetters withdrew as organizer of the Joint Meeting because of obligations for Intervet International, the industry he works for. Please, take him out of the program.

Merry Christmas and a Happy New Year

URGENT

Dear Theo,

We have performed our organizational meeting on Monday 18 December, but, unfortunately, W. Eling could not be present.

We need urgently the following informations to complete the scientific programme :

- 1° University and title of the communication of A. Tielens (Ref. NVP 1518)
- 2° University of G. Rudenko (Ref NVP 1520)
- 3° University and title of the communication of M. Roos (Ref NVP 1504)
- 4° University of A. Vermeulen (Ref. NVP 1493)
- 5° University and title of the communication of H. Schallig (Ref NVP 1521)
- 6° University and title of the communication of E. Schoondermark (Ref NVP 1517)
- 7° University and title of the communication of S. van Dijk (Ref NVP ?)
- 8° University of E. Pinelli (NVP ?).

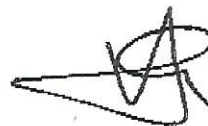

Moreover, in the topic 4 (parasite, pregnancy ...), the organizers present at our last meeting think necessary to add communications with other subjects that toxoplasmosis and that only one main conference has to be presented. Could you obtain the opinion of W. Eling about this point?

As soon as we will receive these informations, we will send you a copy of the document to be distributed to the members of our societies as well as the minutes of our last organizational meeting.

Waiting to hearing from you,

Sincerely yours,

Best wishes for Christmas and the New Year.

Y. Carlier.

Brussels, December 6, 1995.

Dear W,

I have sent a fax (see the joined copy) to Theo Schetters to obtain the missing informations about the Dutch speakers of our Joint Meeting.

After a phone call to Intervet, somebody say me that he was no more in charge of the Netherland Society. Please, we need urgently these informations to achieve the announcement draft. Could you contact me as soon as possible with most of the informations?

The « First Announcement » document of our meeting has to be definitively available in the first week of January 1996. Could you say me how many copies you need for your society and if mailing could be done at this time ?

Sincerely yours.

Merry Christmans and Happy New Year.
