22/11/76.

Dear Dr Meuleman,

I hope the enclosed explains itself and that you are happy with its contents. We look forward to hearing from either yourself or Dr Kacey. Our Meetings Secretary is Dr Con Jenkins - whom I think you know - and he will probably arrange the final programme, in consultation with yourself.

Incidentally, the 2<sup>nd</sup> Edition of my text-book "Introduction to Animal Parasitology" has just been published - I have asked the publishers to send you a complimentary copy.

I still recall my visit to your laboratory with pleasure & hope you was for well. The reports have just arrived - many thanks. Yours sincerely  
J. D. Smyth

22nd November, 1976.

Dr. Hugo J. van der Kaay,  
Laboratory of Parasitology,  
State University Leyden,  
Institute of Tropical Medicine,  
33 Rapenburg, Leiden,  
The Netherlands.

Dear Dr. van der Kaay,

I am glad to say that the Council of the British Society for Parasitology has now made a firm proposal regarding a joint meeting with the Netherlands Society for Parasitology which I hope will be acceptable to you.

We suggest that this joint meeting be held at the University of Kent, Canterbury on April 5-7, 1978, if this date fits in with your timetable. The Belgian Society for Parasitology has also approached us for a joint meeting, so that it is likely that they will also be joining us.

On behalf of the British Society for Parasitology, I am therefore writing to give an official invitation to your Society to join us on that date. I am sure we could have a most profitable meeting.

*Hugo 14/12/76*

I should be glad if you could put this proposal to your Council and let me know in due course if it is acceptable. If not, we could examine other possible dates.

We can work out details of the programme nearer the time but it might be as well if this was finally handled by one person (the Secretary of B.S.P. in consultation with your Secretary?). As well as giving papers, we hope some of your members will act as Chairmen of some of the sessions and we would welcome a possible list of suitable names, in due course.

For this meeting, we would be pleased if yourself (as President) and Dr. Meuleman (as Secretary) were guests of our Society, and we would be happy to provide accommodation and hospitality for you both during the meeting.

I look forward to hearing from you or Dr. Meuleman to whom I have sent a copy of these proposals.

I still remember my visit to Amsterdam with great pleasure and we look forward to seeing you and your colleagues at our Joint Meeting.

Kind regards,  
Yours sincerely,

President of the British Society  
for Parasitology.
