WASHINGTON

June 29, 1961

Dr. J. Jansen, Secretary
Nederlandse Vereniging voor Parasitologie
Biltstraat 172
Utrecht
The Netherlands

Dear Dr. Jansen:

As Secretary of the American Society of Parasitologists, and as a parasitologist, I am very happy indeed to learn of the formation of the Netherlands Society for Parasitology.

Please extend my heartiest congratulations to the members of the Netherlands Society and my hope that they will freely call upon me for any service which I may perform to further the development of the Society in the Netherlands and its rapport with Societies in the United States of America.

I am informing the officers of the American Society of the formation of the Netherlands Society immediately and will introduce an announcement to the agenda of our annual meeting in August, informing our general membership of your Society.

Very sincerely yours,

Francis J. Kruidenier
